- Speech From Managing Director -

Impresive sourcing Ltd competitively manufacturing and exporting fashion garments to leading global brands. Our insights into global fashion help us create fashion that is fresh and trendy. We have the capability to offer a comprehensive fashion garments portfolio with diverse design and fashion requirements, given our large in-house capacities and efficient manufacturing systems. Our manufacturing scale and strict processes for producing quality garments make us even more prominent as a global vendor. Our multi-locational presence enables us with different skill sets to cater to our customers.

At **Impresive sourcing Ltd**, we believe in doing things right and deliver customer value. We are focusing on building an adaptive team and culture – one that can continually renew itself and thrive on change. We have demonstrated that we have the right strategy, right culture and right geographical footprint to deliver consistent and sustained value for our stakeholders.

MISSION AND VISION

To establish the best and most efficient manufacturing facilities in the country to ensure total satisfaction of Customers by offering Quality products and On time delivery with Competitive price. We believe long term business relationship and consider our customers as our business partners. We would always like to proof ourselves as maximum potential in a pleasant, clean and professional atmosphere. We are also concern to meet the requirements and the expectations of our Customers, community and society as a hole.

Quality is never an accident. It is a result of strong focus, sincere effort, intelligent direction and skilful execution. The provision of quality is central to the vision of Impresive Sourcing Ltd. We have a deep commitment to our clients and spare no efforts in supporting each and every one of them to realize their vision for their product. We realize that every customer is unique and that his or her needs will vary. Hence we have dedicated several strong support teams to provide an outstanding customer service. We have built our business around the ideal customer experience.

WORK

Merchandising:

We have dedicated Merchandising team lead by experienced professionals of the industry. Our Merchandising team communicates directly with the buyer/customer to understand their needs & respond accordingly. Merchandising team is responsible to source the materials for production, prepare a Time and Action plan to ensure the shipments on right time.

Technical Expertise:

- # Developing and Grading Measurement charts.
- # Pattern making and checking.
- # Pre-check of sample before sending to Buyer for approval
- # Technical audit to factories before on-boarding any new factory.
- # In Line inspection and make corrective action plan.
- # Pre-final inspection.

Quality Assurance:

At Impresive Sourcing Ltd. we aim to deliver product and services of high quality that offer creates a "WOW" feeling to the customer. We ensure following- 'Quality Comes First' at every stage of the production process to confirm total product superiority in terms of appearance, physical and chemical safety as well as strict compliance to requirement. Quality control and assurance is embedded into the working environment starting from product development, product integrity, Raw materials procurement, and WIP and Finished goods and even in our customer service.

Supply Chain Management:

Transparency and visibility is the most important factor & our supply chain management is associated with suppliers who has expertise of the industry and comply with modern quality standard like BSCI, ISO, WRAP, SEDEX etc.

Product Development:

At Impresive Sourcing Ltd., we have set high benchmarks for quality and time to market. Our factories form the foundation of our supply chain network, and we have instituted global quality metrics, which we constantly encourage our vendors to adopt and follow. Our product development, design, sampling, and technical teams support our vendors in complex manufacturing operation, bulk production and provide on the line training. We also have in-house Wash experts who handhold factories engaged in bulk production to ensure compliance and maintain wash standards.

Sourcing Solution:

We source multi product categories from our contract factories and other strategic partners across the globe from high fashion to mass merchandise from best seam to low cost factories. We have dedicated network across the globe utilizing which we can manage sourcing starting from Fiber, yarns, fabrics, trims, accessories, garments, specialty, performance & technical products.

STRENGTH

Prompt Response:

All customers are allocated a merchandiser who is responsible for all aspects of your order, from arranging the sampling to the final delivery of goods. Customers can therefore rest assured that whatever information they need, whether it's about documentation, production or delivery, their merchandiser will be able to provide it instantly.

Perfect Pricing:

At first we go for initial pricing as per the product description supplied by the buyer. Once we receive the approved/ original sample we go for in depth study in respect of pricing. Our pricing are well thought, perfect, logical and of course for successful delivery.

Timely Sampling:

After price settlement we produce perfect sample as per buyer requirement. It will deliver in perfect materials, measurement and design. We work hard for supply sample in time.

Market Proven Products, Fabrics and Design:

Our specialist expertise covers ready-made garments for all ages. With product sourced from manufactures based in Bangladesh and other country also. We offer an enormous opportunity for variety and choice that is difficult if not impossible to obtain from others. We always maintain the quality of fabrics, trims and design as per the approval of our valued clients.

Consistency & Quality Assurance:

We have our own in-house Quality Control department that operates in all required stages of the work. We employ specialist inspectors to monitor and impose our stringent quality standards. At all time we maintain consistency in respect of quality of work, quality of fabrics, color, design and other materials.

Support Services:

A full team of highly experienced support staff & logistics personnel ensure that our services and your orders always run smoothly and efficiently. With an efficient distribution operation system we ensure customers' stock is where it should be and when it should be.

Personalized Processing:

Where required we can offer a full in-house processing facility including bespoke ticketing, labeling and packaging. We can also generate and incorporate your own barcode requirements onto packaging or tickets etc.

Production follow up & Timely Shipment:

We closely monitor with our highly experienced staff after receiving order from our client such as yarn collection, knitting, dyeing, cutting , embroidery, printing, sewing, finishing and shipment. With an efficient distribution operation system we ensure customers' stock is where it should be and when it should be.

PROFILE

Impresive Sourcing Ltd. is a readymade garments exporter of Bangladesh. We are capable to export within very short period of time after completion of production because we have very good sourcing for import and local fabrics. Impresive Sourcing Ltd. is operate by experienced professionals to ensure quality manufacturing, style accuracy, timely delivery and competitive pricing. Our target is to be the market leader. We have separate merchandiser for woven and knits items.

We are one of the leading garments manufacturer, exporter and buying house in Bangladesh. We are in this field since 2013. Our management team has more than 20 years of experience in this sector. We have associate composite knit manufacturing unit having knitting, dyeing, finishing and garments in the same compound.

We have the team of knitting, dyeing & garments experts, handling the business, enquiries and offer services for identifying the best products as per buyer's requirements from our factory. We have highly professional relations with our regular buyers and we make effective pre-shipments inspection to get the value to our clients. Our offers for the required products are most competitive in prices to match buyer's costing for further process and having a competitive edge over his competitors.

We have also sourcing facility for any kind of fabrics & accessories from China, Taiwan, Indonesia, India and Hong Kong. Customers are requested to send their enquiries with details specifications & art works, as per their requirements. We believe in conducting Ethical business. We ensure our business ethics through below core values. Supplying the right product from right sources with a right price at the right time.
